MEMORANDUM FOR THE RECORD

SUBJECT: Telecon AFCIG-5

25X1A

Called AFCIG-5 and talked to Colonel Geary's secretary. Neither [] were in today, and Colonel Geary was in a meeting. I asked her if she received the memo requesting NORAD coordination - she had it on her desk. I advised her to advance all times shown one hour earlier and to be sure and get that info to Colonel Geary so he could see that it got to the appropriate people.

After making certain that there was no misunderstandings, I terminated the call.
